

Here at ABL we work with select partners that specialise in areas of our business. Part of our product portfolio covers the Hotel, Hospitality, Student accommodation sector.

We offer an extensive range of products to meet the ever increasing demand for durability, aesthetics, security and functionality. We a variety of products that not only meet these demands but in many cases exceed clients expectations. We have the systems that will give you:

- ✓ Real time monitor function
- ✓ Operation via Bluetooth on a mobile phone or tablet
- ✓ Systems that allow you to use your own choice of handle in any finish
- ✓ Audit function
- ✓ Low battery warnings
- ✓ Self check in and much more

Whilst these systems are designed with hotels in mind they work equally well in offices, schools and health centres.
